基層健康護理 邁向卓越明天
Pursuing Excellence on Primary Health Care Tomorrow

President's Message

Five Years ago, a group of nurses working in Family Medicine and Primary Healthcare from various clusters of Hospital Authority came together and set up "The Hong Kong Association of Family Medicine and Primary Healthcare Nurses (HKAFM&PHCN). I am honored to take up the President since then. The Association has made steady progress over the last 5 years. By the end of December 2017, more than 780 nurses enrolled as members since inauguration with over 400 members actively engaged in the more than 20 events organized by the association.

The past 5 years had not been easy, but the outcomes are encouraging. Our council members have been supportive to offer their expertise without boundaries. Nowadays, there are total 77 members conferred as Fellow of Hong Kong Academy of Nursing (Community & Public Health - Primary Health). Being one of the member of Hong Kong College of Community and Public Health Nursing (HKCCPHN). we need to meet the Fellowship requirement of Hong Kong Academy of Nursing (HKAN) in years ahead. We signify our strategic focus on professional and management development to facilitate and prepare our members to achieve the Fellowship in HKAN.

We celebrate the first 5 years of HKAFM&PHCN, I am confident that the association is ever more ready to take on the challenges to come. It is because I have the greatest trust to our council members who never cease to achieve improvement and the unfailing support from our college partners.

I wish to express my sincere thanks to all Chairmen and council members of the association for their leadership and support towards the association activities. My special thanks go to Ms. Adela Lai, Ms. Grace Yeung and Ms. Chan Lai Hung, our Honorable Consultants for their advices and guidance to the association. Most importantly, may I extend my grateful thanks to HKCCPHN and HKAN for giving our association its great support to so many of our activities including our Anniversary celebration.

Mr. WONG Kin Wing Jimmy

President

Hong Kong Association of Family Medicine &
Primary Healthcare Nurses Limited
